

French Spring Curriculum overview

In 2023/24 we started using a new scheme that assumes children have completed all the units from previous years. We therefore chose for everyone to start from the same place, so that there are no gaps in vocabulary and learning. This means that this year, Years 5 & 6 are moving on to the third year of the four year scheme. Year 6 will be on the fourth year in 2026/27

	Year 3	Year 4	Year 5	Year 6
Spring	Adjectives of Colour (continued) French playground games – numbers and ages - Recall numbers one to 12 with increasingly accurate pronunciation - Join in with a song using actions. - Ask and answer a question about their age. - Play a French playground game	Portraits (continued) French numbers, calendars and birthdays - To count to 31 - To learn days of the week, months and seasons - Ask when it is someone's birthday and answer for their own	Shopping in France (continued) French speaking world - To learn about French speaking countries - To give and follow directions in French - To discuss climate	Shopping in France (continued)
